ALL YOU
NEED TO
KNOW
ABOUT

KAIJU GIRL CARMELISE

HARUGON

A huge, one-hundred-meter kaiju that appeared in Tokyo one day out of the blue. This is what Kuroe Akaishi looked like post-transformation when Arata Minami made her heart beat faster. A comedian on a morning variety show called her Harugon as a joke, and the name stuck. Kuroe still remains herself even in kaiju form.

• She's equipped with powerful legs to support that enormous body.

Kuroe Akaishi is a high school girl with a problem: When she gets excited, parts of her body transform. When Arata Minami, the class hottie, makes her heart beat, she turns into a giant kaiju. Upon seeing Kuroe suddenly getting chummy with Arata, a few girls from their class harass her by locking her in the gym storage room. Despite knowing that falling in love would only cause her to become a kaiju, she reveals her feelings to Arata when he appears to save her. Soon after, she turns into a huge kaiju a second time and ends up destroying the school gym.....

URNS
INTO

KUROE AKAISHI

The great kaiju Harugon's normal form. Fearing the physical changes that lead up to her kaiju transformation, she did everything she could when she was little to avoid interactions with people, and it's turned her into a gloomy high schooler. Her hobby is drawing, and she loves sweets.

MANATSU TOMOSATO

A beautiful girl who loves kaiju and attends the same high school as Kuroe. She's somehow gotten the idea that Kuroe is Harugon's "priestess" and can communicate with it telepathically. She's got a large bust.

ARATA MINAMI

A handsome, photogenic guy in Kuroe's class. He was attracted to Kuroe because, unlike the other girls, she's always true to herself. Because he's rather clueless and tends to get physically close to people, he's been a handful for her to deal with. He was chubby back in middle school, so he never fails to stay on top of his calorie intake even to this day.

KUROE'S SEMI-KAIJU FORM

What Kuroe looks like when she's partially turned into a kaiju. A variety of changes can occur: She can grow horns, her hands can get bigger, she can sprout a tail, etc.

RINKO AKAISHI

Kuroe's rather overprotective mother. She's a huge fan of the singer Mayumi Hamasaki.

JUMBO KING

The Akaishi family pet. A clever dog.
